

Job Posting *CNC Field Service Technician*

Are you passionate about the Flat Glass and Mirror Industries? Are you looking for a career rather than just another job? If your answers are yes, please read on.

We are looking to add another CNC technician to our growing team, we are looking for motivated, customer focused individuals. We service customers across the United States, Canada, and Mexico. As an ESOP company we will provide the training and tools you need to be successful in this role.

Reports to: Director of Technical Services

Duties and Responsibilities Include the Following:

- Perform installation, periodic maintenance, troubleshooting, programming, and repair equipment. (*initial training will be provided; previous experience is a plus*).
- Document service activities and all related expenses.
- Provide feedback to supervisor for Periodic Maintenance program and design improvement initiatives.
- Attend trade shows to set up and tear down equipment and be the technical representative to answer specific questions pertaining to the equipment during the show.
- Work closely with fellow owners/technicians to maintain the warehouse, machine shop, and grounds.
- Promote Salem supplies (wheels, cerium, etc.) and HHH equipment while in front of customers.
- Rebuild and repair glass machinery at Salem headquarters and other facilities.
- Embrace the ESOP Culture.
- Abide by Salem's safety policies and procedures.
- Other duties as assigned.

Education, Experience & Skills:

- Strong communication skills (both verbal and written), organizational, and customer service skills are required.
- Associates Degree in Engineering or equivalent experience preferred but not required.
- The ability to read wiring diagrams and pneumatic diagrams.
- Experience servicing mechanical, electrical, electronic, and CNC control devices preferred.
- Experience as a traveling technician is a plus.
- Competent with power tools (drills, grinders, reciprocating saws, etc.)
- Knowledge of Microsoft Office (Outlook, Word, and Excel).
- Bi-Lingual – English/Spanish a plus.
- Must have a valid driver's license.
